

Performance Accessories Guide

Accessories to Complement your Performance Cash Drawer

Performance Solution

APG accessories include tills, till covers, weighable coin cups and under counter mounting brackets. Additional tills help reduce the time it takes to make shift changes and provide integrity for each clerk by placing them responsible for their own till. Till covers offer increased security when the till is transported from the POS workstation. Under counter mounting brackets provide a secure mounting system and free up counter space. Constructed of the highest quality materials, APG accessories are built to withstand the toughest environments.

Versatile Tills

Tills for virtually any currency with adjustable bill widths to accommodate bill/note widths.

Weighable Coin Cups

Weighable coin cups makes coin counting easy and reduces time to balance drawers.

Under Counter Mounting Brackets

Brackets for mounting cash drawers under the counter.

Till Covers

Till covers for secure transferring of the till.

Performance Accessory Matrix

Additional configurations and options are available.
