

# Mobile Cash Drawer Solutions All-In-One Product Guide

## Wired + Wireless Ethernet Cash Drawers

### Ethernet Cash Drawers (Model Numbers: 470, 480A, 486, 789, 490A, 496)

- The APG NetPRO® Cash Drawer is a free-standing IP-enabled device on the network. It communicates with the client through direct UDP and TCP sockets
- IP enabled cash drawers are available for connection to wired or wireless store networks and are supplied with an external power adapter (except for 490A and 496 PoE Versions)
- Cash drawer discovery and configuration is simple with the APG NetPRO® Discovery and Configuration Utility. The cash drawer can also be discovered and configured programmatically
- While sharable with multiple clients on the network, the cash drawer includes features to ensure an attended cash transaction
- The cash drawer stores time-based usage data to support in-store loss prevention, and asset management and maintenance efforts. The cash drawer can also broadcast usage alerts in real-time
- Power over Ethernet is available for wired interfaces (490A and 496)

## USBPro™ Interface

### (Model Number: 554B)

- The cash drawer is a bus-powered, HID class USB peripheral
- Compatible with all operating systems that recognise USB HID class device peripherals including Windows 10, Mac OSX 10.5+, Linux, Android
- Conforms to USB 2.0 standard HID class, low-speed, high power devices
- Provides proper operation when connected to a USB 3.0 port
- A 6ft/2m USB-A / USB-C cable is included
- Drivers and/or sample applications are available for Windows native DLL, OPOS, JavaPOS

## USBProLite™ Serial Emulation via USB

### (Model Number: 485)

- The cash drawer is a bus-powered, serial emulation device
- Compatible with all operating systems that support USB serial emulation including Windows 10, Mac OSX 10.5+, Linux, Android
- Conforms to USB 2.0 standard CDC class, low-speed, high power devices
- Supports USB 2.0 and 3.0 parts
- A 6ft/2m USB-A / USB-B cable is included
- Drivers and/or sample applications are available for OPOS (Windows only), MAC OSX 10.5, Linux, and Android
