

Light-Duty

apg's Entry Level Cash Drawers, ECD, are a range of cost effective, highly functional cash drawers that offer excellent value for money. The ECD range is perfectly suited for the small to medium retailer in a variety of sectors including hospitality and general retail where a good performing cash drawer is appreciated.

500,000 Transactions

1 Year Warranty

Products

- ECD330B Compact Slide Out
- ECD410 Standard Slide Out
- ECD460B Flip Lid
- ECD410B

Standard-Duty

apg's standard cash drawers are a cost effective choice that do not sacrifice quality or dependability. Each member of the standard family is competitively priced and includes features found in more expensive cash drawers, such as multifunction locks and drawer status reporting.

1 Million Transactions

2-3 Year Warranty

Products

- Vasario® 1313 Slide Out
- Vasario® 1616 Slide Out
- MICRO Slide Out
- STD2000 Slide Out
- E3600 Flip Lid

**apg Cash Drawer offers solutions built to fit your mobile environment.
We offer Bluetooth, Ethernet, USB, and printer driven interfaces built for mPOS.**

ShareTill® and NetPRO®

apg® offers versatile cash drawers with ShareTill® and NetPRO® connections for secure and dynamic POS operations. Our connected cash drawers enable seamless sharing across multiple POS devices, allowing transactions anywhere in the store, reducing checkout lines, and enhancing the shopping experience. For loss prevention and management, connected cash drawers provide security features, such as real-time monitoring, transaction logging, and security alerts for enhanced oversight and reduced loss.

ShareTill® Network Adapter

The apg bus adapter converts an existing apg cash drawer into a network-connected solution, without the need to replace current hardware. With USB and PoE power, secure connectivity, on-board configuration, and real-time drawer control, it helps businesses simplify POS deployments, support mobile workflows, and standardize cash drawer connectivity across multiple locations.
